

FHN Student Experiences

Take your learning beyond the classroom!

Easy Scheduling & Flexibility • Experiences Available at All FHN Locations

Student experiences are an excellent way to make sure you are choosing a career that is the best fit for you. Through job shadowing and student rotations you will better understand the roles of a variety of healthcare team members and the responsibilities of each.

Job Shadowing is a great opportunity to get exposure to a career that you are interested in. Observe a staff member performing their daily work routine.

Clinical Rotations are available for a wide range of students including providers. **Internships** & **Externships** are offered throughout FHN Memorial Hospital and our Office Practice locations.

For more information, visit www.fhn.org/StudentExperience.asp using the QR code or reach out to Maddie Obert, FHN Student Experience Coordinator, at MObert1@fhn.org or 815-599-6752.
